## About the Conference

### Theme of the Conference

In today's fast-changing business landscape, climate change, sustainability, and Diversity, Equity, and Inclusion (DEI) are increasingly becoming integral elements of corporate strategy. As businesses navigate new environmental challenges and societal demands, these factors play a critical role in shaping the future of organizations, industries, and global economies. This theme highlights how these interconnected issues are driving the transformation of the business landscape, fuelling innovation, enhancing resilience, and ensuring long-term success. Faced with escalating global challenges, businesses must adjust to a rapidly evolving environment by embracing climate action, sustainable practices, and a strong commitment to DEI. By aligning environmental, social, and governance (ESG) priorities, companies can mitigate risks while also uncovering new growth opportunities, ultimately fostering a more inclusive, sustainable, and equitable future for all stakeholders. The convergence of climate change, sustainability, and DEI is compelling businesses to rethink their societal roles. Companies that view these challenges as opportunities for transformation will not only fulfill regulatory and consumer expectations but also lead the way in adopting more sustainable, equitable, and innovative business practices. As the business world continues to evolve, organizations that successfully integrate these elements will be better positioned to thrive in an era that demands greater responsibility, inclusivity, and environmental stewardship.

### Sub-Themes

All subthemes that align with the conference title and theme are welcome.

## About the Conference

We invite original unpublished papers/cases, research papers, working papers, policy papers, field research from all the disciplines. For research paper to be accepted ensure that your research paper meets plagiarism standards. The accepted research papers will be published in peer reviewed journal, UGC Care Listed Journals / Scopus Indexed Journals on payment of applicable publication charges. The decision regarding acceptance or rejection of papers publication in UGC Care Listed Journals/SCOPUS Indexed Journals will be entirely of the respective publishers and the conference organizers in no way shall be responsible for the acceptance or rejection of the papers.

As stated above the researchers are requested to submit their original, unpublished research papers related to the main theme of the conference or the various sub-themes given above. Papers are called from Academicians, research scholars, corporates and students.

## About Us

### National Kannada Education Society (NKES)

The National Kannada Education Society (NKES) has a long and proven record in the field of education. It was founded in 1939, at the behest of Bharat Ratna Sir Mokshagundam Visvesvaraya, then Dewan of Princely State Mysore and one of the founders of Modern India. NKE Society runs the NKES group of institutions in its campus at Wadala (West), Mumbai which comprises of pre-primary, primary, secondary, Junior College, Degree College and Management Institutes. The aim of NKE Society is to create and develop a kind of infrastructure, facilities and environment in all its educational institutions, which gives the students an opportunity to compete with the best in the world.

### Sir M Visvesvaraya Institute of Management Studies and Research (SVIMS)

The National Kannada Education Society (NKES), a 80 year old educational organization started Sir M Visvesvaraya Institute of Management Studies and Research (SVIMS) which offers a 2 year full time AICTE approved, MMS Program affiliated to University of Mumbai. The SVIMS campus at Wadala West, in the heart of Mumbai City, has a state of art infrastructure.

### SVIMS Business School:

The SVIMS Business School offers 2-year full time Post Graduate Diploma in Management (PGDM). The PGDM program combines management education and corporate experience by offering "Earn while you learn" advantage to students. The PGDM (General) Program provides several complimentary certificates to enhance employability of students. This program is recognized by AICTE. SVIMS Business School was awarded the "Most Innovative B-School" by the ZEE Business Channel.

## NKES Degree College :

NKES College of Arts, Commerce and Science is an under-graduate college established in the year 2018, under the umbrella of NKES Educational Institutions which is known for its contributions in the field of education since 1939. It provides both contemporary as well as Professional Programs such as B.COM., BMM, BAF & BMS offered by the University of Mumbai. The institution focuses on providing the most effective teaching-learning environment which ensures all round student development while creating a sensitized human resource for the community and nation.

## CASI Global, New York :

CASI known as the Global Certification body is from New York and present over 50 countries. CASI promotes the cause and knowledge of CSR, Sustainability, Volunteering and ESG through certifications, student chapters, corporate chapters, events, workshops and research. The flagship certification at CASI aimed at senior management professionals is the Global Fellow Program. CASI India also offers various certifications to school and college students. CASI India promotes volunteering through large behavioural change events like mahawalkathon where over 7 lac people participated and is a world record event. CASI events are aimed at Road Safety, Women Empowerment and Financial Literacy. CASI has the distinction of conducting financial literacy sessions for over 50,000 participants in one financial year.
